PRICE LIST

FEBRUARY 2024

THE NEW ABARTH LINE UP

Carlo Abarth (15 November 1908 – 24 October 1979) was born in Vienna, Austria. With an early passion for engines, speed and competition Abarth gained an apprenticeship for Castagna, in Italy, designing motorbike and bicycle chassis before returning to Austria in 1927 where he worked for Motor Thun and raced motorbikes, winning his first race in Salzburg in 1928. Abarth went on to be European champion five times before retiring following a serious accident. However, speed was in his blood and in 1933 he designed a sidecar with which he beat the Orient Express railway on the 1,300km stretch from Vienna to Ostend.

Carlo Abarth founded the Abarth & C. company with Cisitalia racing driver Guido Scagliarini in Bologna on 31 March 1949 using his astrological sign, the Scorpio, as the company logo. The company's stated purpose was: "the production of cars and complementary aggregates for sport and racing cars, as well as changes and improvements to sports and racing cars" The company had immediate success on track claiming second in the Mille Miglia endurance race and winning the Italian 1100 championship and Formula 2 title in its first year.

Following successes on track Abarth's exhaust system and tuning business became more prosperous with the first year's production sold out. This success heralded the Abarth brand and in 1951, the first car to carry the Scorpion badge – the Abarth 1500 was built. Abarth went on to achieve the astonishing legacy of 10 world records, 133 international records and over 10,000 track victories.

Today, over 70 years on from its origins Carlo Abarth's vision to take modest everyday cars and achieve levels of performance that simply defied belief through the application of design and engineering excellence is more alive than ever. In Abarth showrooms you will find those same beliefs embodied in every Abarth product. Through the combination of a legacy or engineering prowess, advanced modern design and the latest technology you are able to benefit from the perfect blend of prodigious power, superb handling and fuel efficiency, all wrapped up with the inherent sporting character of a marque with racing in its soul.

THE SCORPIONSHIP

ONLY FOR REAL ABARTHISTI

SHOW YOUR ABARTH SIDE

Passion for performance, desire to compete and a sense of belonging: welcome to The Scorpionship, the official Abarth community to experience the world of the Scorpion from the driving seat. Register for free to always be kept up-to-date on the latest news, all the events and previews from the Abarth World.

Become part of an exclusive group: you will receive your Scorpionship card, which gives you the chance to take part in special events, enjoy special promotions and exclusive partnerships.

Get ready to enjoy an experience of pure adrenaline.

SCORPIONSHIP CARD

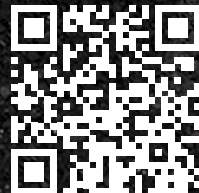

Register for free at The Scorpionship and receive your unique Scorpionship card with your name, surname and ID code.

With your card, you can access special promotions, take part in competitions and exclusive events.

NEWS FROM THE WORLD OF ABARTH

You will get the latest product news, kits and accessories as well as special promotions on official merchandise and a calander for national, international and club events

SUBSCRIBE TO THE SCORPIONSHIP CLUB

[ON THE ROAD CHARGES]

ON THE ROAD CHARGES (OTR) INCLUDE:

12 Months Government Vehicle Excise duty depending on CO₂ emissions, vehicle first registration fee (£55), number plate (£26) and delivery costs (£750).

GRADUATED VEHICLE EXCISE DUTY (ROAD FUND LICENCE) VALID FROM 1ST July 2021

The Graduated VED bands classify all new cars into one of the Vehicle Excise Duty bands, depending on their type of fuel and carbon dioxide (CO₂), emissions level, measured in grams per kilometre (g/km).

VED Band

CO ₂ EMISSIONS FIGURE (G/KM)	0	151 to 170
FIRST-YEAR RATE	£0	£645 <small>(First-year rate included in OTR price, followed by £180 annually)</small>

OFFICIAL FUEL CONSUMPTION FIGURES FOR THE ABARTH 595 & 695

OFFICIAL WLTP FUEL CONSUMPTION FIGURES FOR THE ABARTH 595 AND 695 RANGE MPG (L/100KM): Combined 37.7 (7.5) - 42.2 (6.7). CO₂ emission from 152 to 168 g/km. Fuel consumption figures determined on the basis of the new WLTP test procedure as per Regulation (EU) 2017/1347. CO₂ figures, determined on the basis of the outgoing test cycle as per Regulation (EU) 2017/1152-1153, will be used to calculate vehicle tax on first registration. **Only compare fuel consumption and CO₂ figures with other cars tested to the same technical procedures.** These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load.

OFFICIAL ELECTRIC CONSUMPTION FIGURES FOR THE NEW ABARTH 500e RANGE

OFFICIAL ELECTRIC CONSUMPTION WLTP FIGURES FOR THE NEW ABARTH 500e RANGE (kWh/100KM): 17.2 – 18.8. CO₂ emission 0 g/km. Electric consumption figures determined on the basis of the new WLTP test procedure as per Regulation (EU) 2017/1347. CO₂ figures, determined on the basis of the outgoing test cycle as per Regulation (EU) 2017/1152-1153, will be used to calculate vehicle tax on first registration. **Only compare electric consumption and CO₂ figures with other cars tested to the same technical procedures.** These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load.

**ADDICTED TO PERFORMANCE.
