

ABARTH

PRICE LIST

Q3 2025

Carlo Abarth (15 November 1908 – 24 October 1979) was born in Vienna, Austria. With an early passion for engines, speed and competition Abarth gained an apprenticeship for Castagna, in Italy, designing motorbike and bicycle chassis before returning to Austria in 1927 where he worked for Motor Thun and raced motorbikes, winning his first race in Salzburg in 1928. Abarth went on to be European champion five times before retiring following a serious accident. However, speed was in his blood and in 1933 he designed a sidecar with which he beat the Orient Express railway on the 1,300km stretch from Vienna to Ostend.

Carlo Abarth founded the Abarth & C. company with Cisitalia racing driver Guido Scagliarini in Bologna on 31 March 1949 using his astrological sign, the Scorpio, as the company logo. The company's stated purpose was: "the production of cars and complementary aggregates for sport and racing cars, as well as changes and improvements to sports and racing cars" The company had immediate success on track claiming second in the Mille Miglia endurance race and winning the Italian 1100 championship and Formula 2 title in its first year.

Following successes on track Abarth's exhaust system and tuning business became more prosperous with the first year's production sold out. This success heralded the Abarth brand and in 1951, the first car to carry the Scorpion badge – the Abarth 1500 was built. Abarth went on to achieve the astonishing legacy of 10 world records, 133 international records and over 10,000 track victories.

Today, over 75 years on from its origins Carlo Abarth's vision to take modest everyday cars and achieve levels of performance that simply defied belief through the application of design and engineering excellence is more alive than ever. In Abarth showrooms you will find those same beliefs embodied in every Abarth product. Through the combination of a legacy of engineering prowess, advanced modern design and the latest technology you are able to benefit from the perfect blend of prodigious power, superb handling and fuel efficiency, all wrapped up with the inherent sporting character of a marque with racing in its soul.

[ON THE ROAD CHARGES]

ON THE ROAD CHARGES (OTR) INCLUDE:

12 Months Government Vehicle Excise duty depending on CO₂ emissions, vehicle first registration fee (£55), number plate (£26) and delivery costs (£750).

GRADUATED VEHICLE EXCISE DUTY (ROAD FUND LICENCE)
VALID From 1st April 2025

The Graduated VED bands classify all new cars into one of the Vehicle Excise Duty bands, depending on their type of fuel and carbon dioxide (CO₂), emissions level, measured in grams per kilometre (g/km).

VED Band	
CO ₂ EMISSIONS FIGURE (G/KM)	0
FIRST-YEAR RATE	£10

OFFICIAL ELECTRIC CONSUMPTION FIGURES FOR THE NEW ABARTH 500e RANGE

OFFICIAL ELECTRIC CONSUMPTION WLTP FIGURES FOR THE NEW ABARTH 500e RANGE (kWh/100KM): 17.2 – 18.8. CO₂ emission 0 g/km. Electric consumption figures determined on the basis of the new WLTP test procedure as per Regulation (EU) 2017/1347. CO₂ figures, determined on the basis of the outgoing test cycle as per Regulation (EU) 2017/1152-1153, will be used to calculate vehicle tax on first registration. **Only compare electric consumption and CO₂ figures with other cars tested to the same technical procedures.** These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load.

**ADDICTED TO PERFORMANCE.
SINCE 1949.**
